DESCRIPTION

The NXL housing, entirely constructed from AISI 316L electropolished stainless steel, has been designed to accommodate large cameras and zoom lenses. The housing is conceived to operate in specialist environments such as salt water applications like marine or coast patrol, industrial or chemical applications, and where external agents are highly corrosive.

A wide range of accessories is available: heater, camera power supply, NXWBL stainless steel wall bracket, and the VIPNXL wiper.

The NXL housing can be installed on NXPTH Pan & Tilt head, to obtain a complete positioning system.
